## the new equipment cart system with a powerful design

### There are many good reasons for choosing fuego:

In the medical sector, fuego equipment carts are ideally suited for the mobile and flexible accommodation of smaller equipment, as computer carts, desks with convenient height adjustment, as ergometry carts, occasional carts, etc..

They are also suitable for use in all types of offices and meeting rooms where the elegant fuego carts offer mobile solutions, e.g. for video presentations, as mobile lecterns, as occasional carts, etc..

In addition to high functionality, the exceptional design and discreet colours of fuego equipment carts are also convincing. They are versatile, flexible, very sturdy and offer plentiful storage on a small footprint. Ideal for small rooms or anywhere requiring a large amount of storage in a small space.

fuego is protected with a European design patent and offers reliable brand quality at a reasonable price!

**NEW!**  
**Beautifully  
designed drawer**

**HAEBERLE specialises in particular in providing customized OEM versions for industrial customers. Let us know your specifications and we will provide you with fuego equipment carts accented in your company colours, featuring your logo on the chassis and adapted to carry your equipment. Please contact us!**

### Note:

If you wish to accommodate larger or heavier equipment and if you are looking for an even more flexible cart system, e.g. with drawers and a wide range of accessories, then we also have the perfect solution:

**The swingo® and swingo®-clinic equipment cart systems!**

Please request documentation.

### The components:

- sturdy and very versatile chassis frame with high-grade quality castors (front castors lockable and fitted with wall deflectors),
- stable single-support aluminium profile for multiple socket boards, with large integrated cable channel for optimal accommodation of cables
- high-quality trays with shaped edge and recessed grip
- beautifully designed drawer
- elegant, steplessly adjustable and tilted desk shelves with roll protection for use, e.g. as mobile desk for lectures, presentations etc.
- console shelves for small devices with stepless height adjustment
- produced as standard with ergonomic handle
- produced as standard with additional grey plastic cable storage clip, fixed to the rear of the profile
- accessories for particular purposes, e.g. as ergometry cart.
