## HAEBERLE Hospicar®

### The individual functiontrolley system

for daily work in clinics, old peoples and nursing homes, sanatoriums... - on all spots where patient data has to be ready at hand.

Hospicar® stands for variability, functionality and long-lastingness life. The ideal trolley for many requirements!

Now this successful series has been improved.

#### The features:

- **case and shelves:** wood-plastic combination, high quality laminated, with all round edges, 22 mm thick, non fading and containing no formaldehyde, in white.
- **drawers** in wood-plastic combination, high-quality laminated, non fading and free of formaldehyde, easy-glide bearing telescopic action with engaging mechanism
- generally closed, **easy-clean** surfaces

- 100 mm Ø plastic tandem **castors**, 2 of them lockable
- **load carrying capacity:** drawer surface load up to 15 kg, tray surface load up to 30 kg; maximum overall load taking into account the aspect of tilt safety, up to 150 kg.
- **dimensions:** width 710 mm (incl. push handle), depth 550 mm, height 1015 mm (ideal for writing)

#### Your advantage:

**We realize special design and special colours on request. Please contact the export department!**
