Round trolleys

Hospicar[®]
and swingo[®]-visit

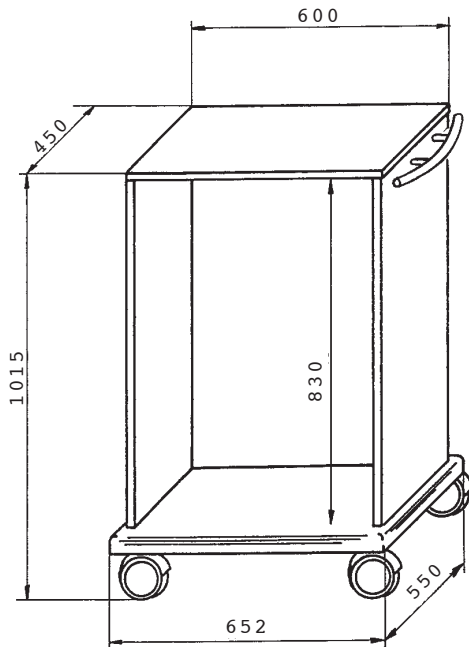

price list

valid up from 1 July 2008

Hospicar®

The individual function trolley system with versatile design possibilities

for daily work in clinics, old peoples and nursing homes, sanatoriums... - on all spots where patient data has to be ready at hand.

Hospicar® stands for variability, functionality and long-lastingness life. The ideal trolley for many requirements!

The features:

- **case and shelves:** wood-plastic combination, high quality laminated, with all round edges, 22 mm thick, non fading and containing no formaldehyde, in white.
- **drawers** in wood-plastic combination, high-quality laminated, non fading and free of formaldehyde, easy-glide bearing telescopic action with engaging mechanism
- generally closed, **easy-clean** surfaces
- 100 mm Ø plastic tandem **castors**, 2 of them lockable

- **load carrying capacity:** drawer surface load up to 15 kg, tray surface load up to 30 kg; maximum overall load taking into account the aspect of tilt safety, up to 150 kg.

- **dimensions:** width 710 mm (incl. push handle), depth 550 mm, height 1015 mm (ideal for writing)

- **colours:** on request, we offer a huge range of colour. Ask us!

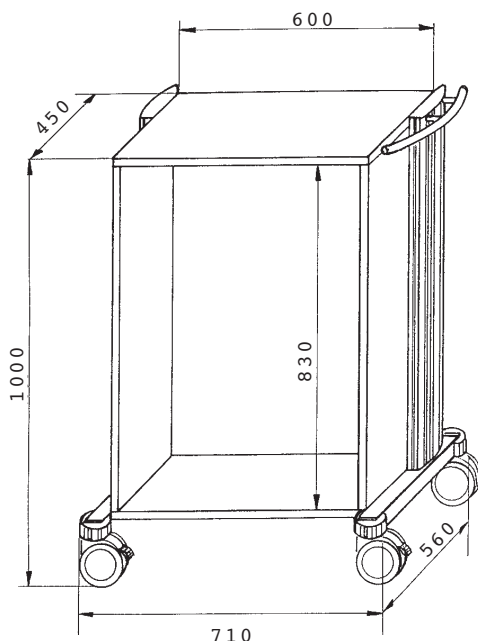

- **extras:** other equipment options we realize on request.

Your advantage:

We realize special design and special colours on request. Please contact us!

SWINGO®-visit

The superlative round trolley

Surely you already know the cart system swingo®.

swingo-visit has been developed on the basis of the swingo system and offers individual solutions for many requirements as well as exclusive design and high lighting colours. Just create your own individual trolley, choosing from many system parts and accessories!

If you want more information about swingo, please ask for brochures.

The features:

- sturdy **aluminium construction** with various possibilities to fix system parts and accessories; integrated cable duct; coloured push handle as standard
- **case and shelves** wood-plastic combination, high quality laminated, with all round edges, 22 mm thick, non fading and containing no formaldehyde, white.
- **drawers:** wood-plastic combination, high quality laminated, non-fade and containing no formaldehyde, easy-glide bearing telescopic action with engaging mechanism.

- closed, easy-clean surfaces

- **castors:** plastic tandem castors , Ø 100 mm, 2 lockable

- **colours:** Handles and decorative strips in 5 modern, highlight colours according to the latest NCS design scale: grey, blue, turquoise, yellow, violet red.

- **load carrying capacity:** drawer surface load up to 15 kg, tray surface load up to 30 kg, maximum overall load taking into account the aspect of tilt safety, up to 150 kg.

- **dimensions:** width 750 mm (incl. push handle), depth 560 mm; height 1000 mm.

Your advantage:

We realize special design and special colours on request. Please contact us!
